IN THE CLAIMS:

Please amend the claims pursuant to 37 C.F.R. 1.121 as follows (see the accompanying "marked up" version pursuant to 1.121):

/Amend the following claim:

- Sub  
B/EI
1. (Amended) A board game apparatus designed to acquaint players with a predetermined region as represented on a map, said apparatus comprising:
- a board having predefined directions thereon corresponding to directions on said map and including a series of marked areas forming a path extending about said board, each of said areas representing a particular locality within said region, having indicia therein identifying said locality, and being disposed on said board to correspond generally with the location of said locality on said map, selected ones of said marked areas on said board being designated as accessible only by indicated modes of transportation;
- a multi-token means dedicated to a different player and being moveable
- R<sup>3</sup>

a3  
concl.

for transportation along said path, said multi-token is a parallelepiped object with four sides and two ends each of at least three of the side surfaces having a representation of a different mode of transportation for use by the corresponding player, and the ends of the object also having thereon a respective GO and NO GO indication, each token to be moveable only with respect to marked areas corresponding to localities accessible by the corresponding mode of transportation; and

means for determining the movement of said multi-token means about said path.

Cancel claims 2 and 5 without prejudice.

Add the following claims:

a4

22. A board game as in claim 1 where the GO and NO GO indications at each end of the parallelepiped comprises a different color.

23. A board game as in claim 22 wherein the color the GO indication is green and the color the NO GO indication is red.

### REMARKS

This submission is in response to the Official Action dated May 2, 2001.

Claims 1-21 are pending.
